## Matters Arising

### 1 (a) Finance Performance Report (minute number 78.12)

- 1.1 In respect of the Midwifery Led Unit (MLU) based at Salford Royal NHS Foundation Trust the current available data shows there have been 121 births at the standalone unit this financial year, approximately 17 a month. On this basis, the trajectory is for 204 births in the full year 2012/13.

### 2 (b) Performance on Quality

- 2.1 Salford Royal NHS Foundation Trust have reported that the heart failure target was not achieved in the early part of the year. A recovery plan was prepared and discussed at the Quality and Outcomes meeting in December. The position for August and September has now been received and the Trust is achieving the target.

### 3 (c) Establishment of an Association of Greater Manchester Clinical Commissioning Groups (Version 7)

- 3.1 Alan Campbell will provide a verbal update on Version 8 of the Establishment of an Association of Greater Manchester Clinical Commissioning Groups.

### 4 Recommendations

- 4.1 The NHS Salford Shadow Clinical Commissioning Group Board is asked to note the content of this report.
